Cabinet 43-TC. 24″x18″ top provides ample room for telephone and note pad. Open shelf for phone book with two other utility shelves behind panel double doors.

Providing a complete selection of matching major pieces and accessories, the Adam Group enables the executive to carry out his furnishing desires to the fullest degree. In choosing Adam he is assured of authentic styling and expert craftsmanship.

Adam styling is sturdy and virile, yet through the discreet use of fluting and carving, it acquires a timeless grace and beauty. Large panels of carefully selected and matched woods, uninterrupted by trim or decoration, give full rein to the matchless rugged charm of selected natural walnut.

shop, every piece of the Adam Group has the integrity and character that only superior workmanship can give. Every fitting, every joining bears silent witness to the care and the minute attention to detail with which this executive furniture is created.

Outward expression of this beauty is emphasized by the soft, glowing luster of the hand-rubbed special lacquer finish. The result of a slow, careful process of application, this finish is designed to protect and accent the beauty of the Adam Group for years to come.

Bookcase 43-BC, 44"x15"x50" high. A truly distinctive piece to complete the Adam Group. Glass front is wood framed.

matched accessories

FOR CONTINUITY

Completing the appointments of the executive office are these matched accessories which are companions in quality, finish and design to the distinctive major units of the Adam Group. Useful and practical, these pieces blend into an overall picture of functional beauty.
